ARABI PASHA DECLARED A REBEL.

SIR CARNET WOLSELEY AT ALEXANDRIA

NUMEROUS SKIRMISHES.

GENERAL EUROPEAN NEWS.

CONSTANTINOPLE, Aug. 14.—Stringent orders have been sent to the governors of Beyrout, Damascus and Aleppo to take exceptional care to secure public order and prevent an outbreak of natives. At Beyrout events in Egypt are greatly influencing Syrian musulmans and the situation is such that a trifling incident would suffice to set the whole province ablaze.

BERLIN, Aug. 14.—The empress is confined to her apartments in consequence of injuries received by a fall while walking in the park yesterday.

DUBLIN, Aug. 15.—Preparations for unveiling the O'Connell monument and opening the exhibition indicate that the occasion, in point of numbers, is successful. The display will exceed anything of a similar character heretoseen. Visitors are constantly arriving from every part of Ireland, England and Scotland. Many buildings were illuminated to-night. The monument committee held a meeting last night, the mayor presiding, and decided to advise that the mayor should read a short address from the committee handing over the monument to the care of citizens. The absence of Cardinal McCabe was much commented upon. Many houses on leading streets display green flags with the Irish harp upon them and no crown, and the star spangled banner and union jack are everywhere to be seen.

The city was astir by seven o'clock this morning for the opening exhibition and unveiling of the statue of Daniel O'Connell. Bands are parading the streets followed by large crowds. The procession, composed of trades, will be mustered in the Stephen's Green at noon. All troops are confined to their barracks. The statue will be unveiled at one p. m. and opening of the exhibition immediately follows.

The procession of trades was three miles long and traversed King's bridge, Capel street and Sackville street. Good order and regularity was kept by mounted marshals along the route. The O'Connell statue was unveiled by the lord Mayor in presence of Parnell, Dillon, Davitt and Gray, and a crowd estimated at 100,000. The greatest enthusiasm prevailed. The lord mayor accepting the statue for the Irish people said their struggle was not over and their efforts would be obstructed, but they must endeavor to forget the melancholy past and look for glory in the future in hope that Ireland once a a province, would again become a nation. Parnell spoke a few words in which he expressed hope for the future prosperity of Ireland. He said the best monument to O'Connell were the changes beneficial to Ireland which marked his life.

Directors of the exhibition, presented an address to Lord Mayor Dawson, declaring that in working for their own country they were not actuated by a narrow feeling of nationality. The lord mayor expressed similar sentiment. He said this exhibition was a tribute to the energy and self-reliance of the working class. The exhibition was then declared open and pronounced on all sides a great success, especially the machinery department. Everything is quiet.

CONSTANTINOPLE, Aug. 14.—8 p. m.—The proclamation of Arabi Pasha as a rebel and authorizing an Anglo Turkish convention is not yet decided. Ambassadors met at the residence of Said Pasha to-day and discussed the question of protection of the Suez canal but no decision was reached. It is believed the resolution of the conference in relation to this matter will have no immediate important bearing the situatiot. It is understood a majority of the ambassadors are in favor of bringing the conference to a close, or adjourning its sittings.

Elkawab states that Arabi Pasha has already been semi-officially made acquainted with the terms of the proclamation declaring him a rebel. He has been informed the sultan would grant him a free pardon should he make submission, but if he refuses, strong measures will be taken to enforce his obedience. The ministers condemn Arabi Pasha as acting contrary to the interests of Islam. It is understood a divergence of views exists between the porte and Lord Dufferin on affairs respecting the wording of the proclamation against Arabi Pasha. Lord Dufferin desires a plan and simple proclamation in Turkish and Arabic; that Arabi Pasha is nothing but an ambitious and lawless adventurer. England insists upon commanding the Turkish troops. It is stated the question will be brought before the conference.

LONDON, Aug. 15.—A dispatch from Constantinople says several stipulations proposed in the military convention are considered unacceptable to Turkey, and proclamation against Arabi Pasha will not be issued until the convention is signed. The session of conference to-day was exclusively occupied with consideration of the proposal of Count Corti, Italian ambassador, for collective police supervision of the Suez canal, which was finally agreed to as a temporary measure, with a modification submitted by Lord Dufferin, British ambassador, concerning the landing of troops. The proposition was then embodied in the protocol. Turkey's objection to a military convention was not brought forward by said Pasha. Two Egyptians arrested to-day prove to be secret agents of the khedive. It is understood the porte is endeavoring to use delay in issuing a proclamation against Arabi Pasha as a lever to obtain easier terms in respect to a military convention.

ALEXANDRIA, Aug. 15.—Colonel Ewart has received permission to raise a corps of loyal Bedouins for scouting purposes.

The occupants of Fort Meks fired a few shells upon a regiment of cavalry and two regiments of infantry seen bearing down upon them Monday morning. The enemy thereupon retired.

PARIS, Aug. 15—M. de Beautien, writing in the *Journal des Debats*, says it is to England's interest to act with moderation in regard to the Suez canal, so as to avoid a precedent which would justify extreme claims by America relative to the projected Panama canal.

LONDON, Aug 15.—A dispatch from Alexandria says DeLesseps intends laying telegraph lines between Port Said and Suez, and operations are consequently suspended.

The authorities have refused to allow the organization of a railroad corps in India for service in Egypt.

PARIS, Aug. 15.—Bankers telegraph from Egypt confirming the report that Arabi Pasha will submit to the sultan.

The khedive has summoned Nubar Pasha to Alexandria.

CONSTANTINOPLE, Aug. 15.—One of the two Egyptians reported arrested yesterday on suspicion of being secret agents of the khedive is stated to be the khedive's aide-de-camp. They had been instructed to present themselves at the palace, and from this fact the report originated.

Lord Wm. Beresford has volunteered to serve in Egypt with the Indian contingent.

ALEXANDRIA, Aug. 15—Last evening some shots were exchanged and several prisoners captured near the canal. No casualties.

Lake Marcotis, near Millaha junction, is fast drying up. People are thus enabled to go to and from Kafr el Dwar, beyond the reach of the guns of our outposts.

A captain in the Egyptian army, supposed to be bearer of dispatches to Arabi Pasha, was captured at Suez. A number of Arabic documents, supposed to be important, were found on him.

The Bittern has returned from her mission to Java. Some shieks in the vicinity of Jerusalem were arrested.

Much excitement prevails at Port Said and an outbreak is thought possible at any moment. Ships are ready for action and 100 rounds of ammunition are served nightly.

A man on trial before a native tribunal for participating in the massacre of June 11th has confessed his guilt and declared he would do so again if opportunity offered.

Lieut. H. T. Smith Dorrien, of her majesty's ship Invincible, has undertaken a remarkable enterprise to be carried out to-night, particulars of which are not yet given out.

Gen. Wolseley has just arrived at Alexandria.

Reinforcements have been sent to Fort Meks, as it is expected the enemy will attempt to surprise the fort. A Frenchman, representing himself as a special correspondent of the *Lanterne* of Paris, and who received a pass Saturday enabling him to go about freely inside the town, was arrested to-day by parties of videttes while proceeding in the direction of the enemy's line.

A young officer belonging to the Italian man-of-war is missing, and it is supposed he has fallen into the hands of the enemy.

ALEXANDRIA, Aug. 15.—Natives from Kafr el Dwar report that Arabi Pasha on Sunday called a meeting of ulemas and obtained from them a fetma deposing the sultan and naming the cherif of Mecca as caliph. Arabi, they also say, is organizing Bedouins and has appointed commanders for the people at Garbieh in upper Egypt.

ALEXANDRIA, Aug. 14.—The khedive has appointed 15 of his household officers to act as guides and interpreters to the advancing English army. Arabi Pasha is unusually busy erecting earthworks about Millah Junction. Several Abyssinian pumps have been sunk about the English position and it is found they will meet the requirements of the English army. Good water was quickly found.

ALEXANDRIA, Aug. 15.—Col. Gerrald, of the mounted infantry, rode before daybreak to-day on a reconnoissance to within half a mile of the enemy's second line. The reconnoitering party was pursued by horsemen, of whom it succeeded in killing several. Col. Gorrald states he accomplished the object of the reconnoissance.

ALEXANDRIA, Aug. 15—9 a. m.—Last night an iron-clad train went in the direction of Fort Meks. On the way it was fired upon by a party of Bedouins. Regulars on the train returned the fire, killing 20 of the enemy. To-night stronger forces go.

ALEXANDRIA, Aug. 15.—The sultan to-day peremptorily ordered Arabi Pasha to lay down his arms, and if he refuses the sultan will leave him to be dealt with by the English. Two regiments of Highlanders, the Derbyshire regiment and the horse guards about to march through the city. The steamer Catalonia, with the West Kent regiment, has arrived.

LONDON, Aug. 15.—*Times'* Berlin: It is feared the Russian cabinet intends to take advantage of the present trouble in Egypt to renew some old claims which were declined by the Berlin congress.

The Prince of Wales will go to the German baths to drink their waters. The fact of the *Times* devoting its first leading article to the health of the Prince of Wales creates a certain sensation.

PARIS, Aug 15.—There is talk of a disturbance between France and Madagascar. The Queen of Madagascar has prohibited Sulis to land French colonists, contrary to the treaty of 1860 with France. The consul was forced to strike his flag and seek refuge at Tematury. A French naval demonstration is expected.

LONDON, Aug. 15.—Ashley, under colonial secretary, in commons, states the government is determined to consider the possibility of Cetewayo's return to power with proper safeguards. He said no portion of Zululand would be annexed to Great Britain.

CONSTANTINOPLE, Aug. 15.—The porte has made the governor of Syria responsible for the maintenance of order in his provinces, and has authorized the chief of gen d'armes to increase his force to such an extent as he may consider necessary.

LONDON, Aug. 15.—In commons, the president of the board of trade, said government considered the channel-tunnel question should be referred to a joint committee. He moved the order for a tunnel be discharged: adopted.

I. F. SMITH, Druggist of Dunville, under date of June 1st. writes of Dr. Fowler's Extract of Wild Strawberry. "It sells immensely; in fact has the largest sale during the summer of any patent medicine in stock," and adds that he can heartily recommend it to the public. The above named remedy is nature's grand cure for Cholera, Dysentery and all summer complaints. (12)

AN honest medicine is the noblest work of man, and we can assure our readers that Dr. Fowler's Extract of Wild Strawberry is not only reliable, but is almost infallible to cure Cholera Morbus, Dysentery, Canker of the Stomach and Bowels, and the various Summer Complaints, whose attacks are often sudden and fatal. (11)

Mr. R. W. Carmichael, Chemist and Druggist of Belleville, under date of May, 31st. 1882, Writes as follows:—"Your Burdock Blood Bitters have a steady sale, are patronized by the best families here and surrounding country, and all attest to its virtues with unqualified satisfaction. (4)

IT is generally conceded that the majority of diseases are accompanied by faulty digestion. No remedy has before been discovered which has so beneficial an influence as Fellows Syrup of Hypophosphites.

I have derived much benefit from using Fellows' Hypophosphites in chronic constipation.—John B. Moore, Forest City, Montana. *

DR. J. COLLIS BROWNE'S

CHLORODYNE

THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids—If you wish to obtain quiet, refreshing sleep free from headache, relief from pain and anguish, to calm and assuage the weary aching of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5th, 1880. To J. T. Davenport, Esq., 33, Great Russell street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances of the infallibility of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s 6d and 11s. each. None is genuine without the words "Dr. J Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution—Beware of Piracy and Imitations.

FRIDAY MORNING, AUG. 18TH, 1882.

THE NEWSPAPER PROPHET.

The local Grit organ, about ten days ago, announced that Mr. Robinson, Mr. Barnard and Mr. Vernon were the candidates for the commons in Yale, and predicted the triumphant return of Mr. Robinson. Yesterday the organ suddenly changed front, ignored Mr. Robinson's presence in the canvass, and predicted the return of Mr. Vernon. As a prophet our contemporary is not a brilliant success. He forecast the return of Messrs. DeCosmos, Fell and Bunster on the Island, and the triumph of the local government at the polls. In every instance the prophet was "without honor," and the candidates for whom he expressed a predilection were invariably defeated. Now he is dabbling in Yale politics; and it occurs to us to ask what poor Mr. Vernon has done that his chances (if any) should be destroyed by the forecast of the organ? We made no attack upon Mr. Vernon, either vicious or otherwise, when we said that he had not the acquaintance or influence at Ottawa that Mr. Barnard possesses, and that the latter, having fully recovered his health, would be the most desirable man to send. As for Mr. Robinson—but, pshaw! has not the organ predicted that he will be returned at the head of the poll, and so struck him politically dead?

The condition of Dr. Schultz, M. P., is much improved.

Large numbers of cattle are being carried off by cattle disease in Nova Scotia.

Customs officers have captured an illicit still at Canning, Kings county, and seized a schooner upon which the still was secreted.

The army worm is causing great damage to the crops in Annapolis county, N. S. Farmers are very much troubled about their crops.

The immigrants into the United States during the fiscal year ending June 30 numbered 789,000, the largest number ever known, and 119,000 more than during the previous year.

It is now stated at Ottawa that the late cabinet changes are merely temporary, and that Sir John will retire from the department of the interior in the fall and the cabinet will then be reconstructed.

It is understood at Ottawa that the report that the government intend changing the capital of the northwest territories from Battleford to a town on the Canada Pacific Railway is correct. The new capital will be the headquarters of the mounted police, and the Fort Walsh and Wood Mountain detachments will probably be called into headquarters.

LONDON, Aug. 4.—Capt. Addle (Hallelujah Jack), commanding the Salvation Army corps in London, has received dispathes from headquarters announcing that Capt. Westbrook and Lieut. Collie, two Amazons, are to arrive here from Brooklyn, N. Y., on Saturday. The ladies, who are powerful speakers and potent singers, will take command of the troops on Sunday morning. It is expected that they will remain in the city for some time until joined by Major Moore, when a grand field day will be arranged.

HALIFAX, N. S., Aug. 3—The new local government was sworn in to-day as follows: Hon. W. T. Pipes, premier, (without office); Alonzo S. White, attorney-general; C. E. Church, provincial secretary; Albert Gayton, commissioner of mines and works: Thos. Johnson, Dr. Campbell, A. M. Cochran and Thos. F. Morrison.

Five members of the cabinet were born in the province of Quebec, two in Nova Scotia, one in Ontario, one in New Brunswick, two in England, two in Scotland and one in Ireland. By origin three are English, three French, three Irish, two Scotch and three from U. E. Loyalist stock.

Mr. F. N. Gisborne, superintendent of government telegraphs, left to-night for Manitoba and the Northwest by way of Prince Arthur's Landing. He will inspect and reorganize the telegraph service there with the object of ultimately securing direct communication between Ottawa and Victoria via the Pacific railway.

SAN FRANCISCO, Aug. 16.—The jury in the case of J. B. Troy, charged with the murder of his brother some months ago, have returned a verdict of acquittal. The murder was the result of a drunken quarrel, both parties being much intoxicated at the time.

Judgment has been rendered for defendant in the case of Frank Roorback, who sued P. W. Stechhan, manager of the Newmarket Theatre, to recover $160 balance due plaintiff as leading tenor of the Louise Lester Opera Company. The company was engaged through Louis Nathal to play in six operas at $650 per week. While Nathal made the contracts Stechhan insisted upon handling the money and paying the salaries until he could reimburse himself for what he had advanced, the engagement having commenced disastrously. Judge Allen considered that while Stechhan was in good morals under obligation to pay, he was not in law.

A large party of French officers and government officials have arrived from Tahiti on their way to France. The gentlemen are Lieutenants Jongineres, Vonpin and DeGenronde; Ensigns Thoret and Marliane, of the navy; M. Gabriel, controller, M. Rondeau, collector of the port; M. Depeyrounay, treasurer at Tahiti, and Medical Director Montroll. A majority of them left for New York today, but several are still here.

CANADA

Custom House Frauds Discovered.

BOSTON, Aug. 15.—*Herald's* Montreal special: Customs authorities are tracing the destination of all American flour imported from the Western States under bond shipment to Great Britain and Newfoundland, and there has been discovered a gigantic fraud upon the revenue since four years ago. During the past twelve months alone, as far as inquiries have extended, it is found that Lord & Mann, importers at whose warehouse the late great seizurs of flour was made, sold over 10,000 barrels of superior American flour to local bakers, and that their warehouse bonds were cancelled by shipping Canadian flour as a substitute and retaining the duty of 50 cents a barrel.

AN infallible remedy for Fever and Ague is Ayer's Ague Cure. Wholly vegetable and containing no quinine it is harmless and sure.

EASTERN STATES.

Audacious Robbery of a Bank.

DEATH OF SENATOR HILL.

Sale of a Noted Homestead.

PROVIDENCE, R. I., Aug. 13.—The Sprague farm and mansion, at Canonchet, were sold at auction to-day by order of Trustee Chaffee for $2,250 to Frank D. Moulton, of New York. Wm. Sprague had partially torn down the bridges leading to the place and patrolled the avenue leading to the house armed with a rifle. The auctioneer stood on the wreck of the bridge to complete the sale.

KEWAUNEE, Ill., Aug. 15.—Yesterday afternoon two men called at the First National Bank in this city and asked permission to leave a satchel a short time. About 6 o'clock, while Cathier Pratt and a lady assistant, Miss Palmer, were casting up, the men knocked on the door and asked for the satchel. Miss Palmer opened she door, when one of the men grabbed her by the neck and kicked her nearly insensible. The other man rushed by her toward the vault near which Pratt was standing, struck him on the head with a revolver, knocking him senseless. Pratt and Miss Palmer were then forced into the vault. The men then secured about $26,000s of which $6,000 was in gold, and walked out of town. Pratt and Miss Palmer, after working over an hour, succeeded in breaking the lock and releasing themselves. Both were badly injured. Parties are scouring the country in every direction, with no result up to midnight.

The bank robbers were seen this morning near Mineral, Ill. Parties are in pursuit with every prospect of arresting both men before night. Over 300 men are scouring in every direction. Mr. Pratt and Miss Palmer are in a bad shape today. Miss Palmer was badly bruised and is feverish and prostrated by the excitement. Business houses and shops are all closed, the owners joining in the chase.

KEWAUNEE, Ill., Aug. 16.—The excitement over the bank robbery has about ended. All the scouring parties who have been scouring the country since the occurrence have returned and the case has been put into the hands of detectives. All sorts of conjectures are indulged in and in some quarters ill-defined rumors of collusion are heard. There is a suspicion that a Chicago drummer who was here about the time of the robbery but who disappeared suddenly afterwards was concerned in it. The robbers have got such a long start that there is little hope that they will ever be caught.

ATLANTA, Aug. 16.—Senator Hill died to-day.

Mr. Barnard in Kamloops.

(Special to The Colonist.)

KAMLOOPS, Aug. 14.

A meeting called by Mr. Vernon was held on Saturday, Mr. Pringle chairman. Speeches by Barnard and Vernon. The following resolution, moved by Roadly and seconded by Duck, was carried almost unanimously, only two voting against it: "That it affords the electors of Kamloops and vicinity great pleasure to find that Mr. Barnard's health is sufficiently restored to enable him to address this meeting and make a personal canvass of the district; that we endorse him in the course he has pursued during his parliamentary term, and pledge ourselves to do our utmost to secure his re election."

What Some People Say.

That King Cetewayo and nine followers ate 900 pounds of beef between Cape Madeira and Plymouth.

That the U. S. courts refuse to naturalize Chinamen, alleging that it cannot be done under the new act.

That Mr. Elliott is spoken of in the Canada press as "the newly appointed railway commissioner of British Columbia."

That Mr. Justice Walkem will probably go to Barkerville to reside in place of Mr. Justice McCreight.

That Sheridan outwalked Lynch and Somers at New Tacoma on Friday and won the stakes.

That having a residence in Oakland seems to be the correct thing with upcoast millionaires on moving to California, says the Seattle *Chronicle*. R. R. Thompson and Capt. J. C. Ainsworth long ago settled in that beautiful city; J. W. Ackerson has also secured an elegant place there, and Capt. L. M. Starr is about to include himself and family among the number. In October Capt. Geo. J. Ainsworth will also locate in Oakland.

That Miss Delia Moncrieff of Boston, an elocutionist, was recently visiting North Framingham, and while a heavy thunder shower was passing, was sitting with others on the piazza of Postmaster J. S. Williams' house, which was struck by lightning. She felt no shock, but now finds that on her back is burned or stamped by lightning a perfect representation of the large elm tree which stands within a few feet of Mr. Williams' piazza, and very near which she was sitting at the time.

That bridesmaids are no longer fashionable in England. A little page, dressed in the costume of the middle ages, supports the train of the bride; and he constitutes her entire attendance.

That Rose Eytinge comes from a family of artists, and her Hebraic origin, of which she is very proud, is shown by her black eyes and hair, her brunette complexion, her plump figure and her remarkable intelligence. Once on the stage of the Union Square, provoked by some of the eccentricities of Charles Thorne, she was glaring angrily at him with her wonderful eyes, when he asked: "What are you looking at me in that way for? Do you want to eat me?" "You forget, sir," replied Rose Eytinge, coolly, "that my people never eat pork." Until this day Mr. Thorne is surprised that people think this repartee clever, and says that he is unable to see the point of it. Perhaps other people have better eyesight.

That Jones asked of a notoriously poor actor: "What ails you? You look ill." "So I am. The doctor says my liver does not act." "Remarkable likeness between you and your liver," said Jones.

That in a suburban town lives a relative of the immortal Mrs. Malaprop. The other evening a caller asked if Mr. —— was at home and could be seen. "I think not," was the reply. "I believe my husband has expired for the night."

That Charles Lamb was once asked by a cheesemonger if he should send home some fine ripe Stilton cheese for him. "No, thank you," said Charles. "If you will give me a bit of string I could, perhaps, lead it home!"

That Mrs. Vernon's condition was slightly improved last evening.

That one of the defeated candidates for the commons in this district talks of emigrating to Holland, where he may be utilized for windmill purposes.

That telegrams from above convey the information that the accident to Mr. F. W. Foster's team was not so serious in its consequences as was at first reported.

The Self-Accused Assassin.

NEW YORK, Aug. 15.—The *Herald's* St. Thomas special says: An investigation of the Westgate affair is going on by the Venezuelan government and the British minister. The British steamer Fantome has gone to La Guayra, and the captain has proceeded to Caracas.

The Deputy Adjutant-Generalship.

The promotion of Capt. Dupont to be deputy adjutant-general for this province, it is reported, was announced at the drill shed on Wednesday evening. Lieut. Arthur Jones succeeds the new adjutant-general as captain.

GEN. GRANT says in the Philadelphia *Record* that the Egyptians are ten times worse off than the negroes of the South, and that an English protectorate would be an improvement in every way.

GOLD QUARTZ JEWELRY, the latest novelty; also a fresh stock of Silver Jewelry at C. Redfern's, Government street. *

Atrocious Murder.

The *Oregonian's* Yaquina City special says Dr. B. F. Hutchinson, aged 70, and his son, aged 13, were found dead this morning. They were murdered either yesterday or last night, the bodies being cold when found. The Hutchinsons on Monday delivered several head of cattle at this place, receiving $200 for the same. An Indian assisted them in driving the cattle and saw them receive the pay therefor. It is supposed this Indian committed the murder for the money, as none was found on the bodies or in the cabin. They were shot with rifle or revolver, the boy's head being mutilated beyond recognition. The suspected Indian went up the river this morning and has not been seen since. Great excitement prevails, and, if caught, the Indian will likely be lynched. Dr. Hutchinson's family are in East Portland, and he had sold the cattle to pay for a homestead near Oneatta, and intended to move his family to him next week. He was well known and much respected.

From the North.

The steamer Grappler, Capt. Hicks, arrived yesterday morning from Wrangel and way ports, with 2070 cases of salmon from Inverness cannery, Skeena river. The sockeye run seemed to be about over as but few fish were being caught, except in Alert Bay, where canning was still going on when the Grappler passed. Steamers Dakota, Otter and Evangel were met in Granville channel on the 10th, all going north. There is no election or other news from Cassiar. The steamer's cargo of salmon put her so low in the water by the stern that she leaked around the stern port, which induced a few passengers to stop at Alert Bay to await the arrival of the Otter rather than proceed further in her under the circumstances. Among the passengers who stayed behind was R. Sylvester, with a Cassiar letter express and considerable treasure.

The Writ for Yale Refused.

The registrar of the supreme court, acting under the instructions of the executive council, has flatly refused to obey the warrant of two members calling upon him to issue a writ for the election of a member to fill the vacancy in the Yale representation, and he will be brought before Mr. Justice Gray this morning at 11 o'clock on a writ of *mandamus*. The Constitution Act removes from the executive all power in such cases and places it in the hands of the registrar; and why should that official so far disregard the requirements of the act as to disobey the warrant of the members?

The Chinese Restriction.

A Port Townsend dispatch says: "The barque Beatrice Havener shipped a Chinese cook in New York nearly a year ago to be discharged on arrival at the first American port. On her arrival here a few days since the customs authorities notified the captain that under the provisions of the new Chinese restriction bill the Chinaman could not be landed here. The captain of the Havener has telegraphed to Washington for a decision, and the case remains unsettled till the authorities there are heard from."

Alaska.

The schooner Granger, 23 days from Juneau, Alaska, has arrived at Port Townsend. Captain Morse says mining news in that section is encouraging. One placer mine cleaned up after a few weeks run and realised $1,500. Two quartz mills are in operation. One on Douglass Island and the other near Juneau. The population of Juneau now numbers about 500. A number of prospectors have started out for that city to explore the surrounding country.

LECTURE THIS EVENING.—Rev. Dr. Cochrane, moderator of the general assembly of the Presbyterian church of Canada, will lecture this evening at Philharmonic Hall; subject, "George Whitfield, the Prince of Preachers," interspersed with reminiscences of John and Charles Wesley. His Honor the Lieut.-Governor has kindly consented to occupy the chair. A great treat awaits all who may have an opportunity of attending. The spacious hall will certainly be crowded to listen to one of the most eloquent and popular lecturers that has visited this city since the late Dr. Punshon was here ten years ago.

RECLAMATION OF THE ZUYDER ZEE.—The preliminary surveys for the proposed reclamation of the Zuyder Zee have been finished, and the work of building the walls will soon begin. A dyke about 24½ miles in length will be constructed of sand and faced with clay, reaching sixteen feet above the level of the sea, which will make it about six and a half feet above the highest tide. The thickness of the dyke will be such as will enable it to resist the heaviest seas. Operations will begin at four different points, and the calculation is to have it completed in from seven to ten years, at a cost of $46,000,000.

B. C. AGRICULTURAL ASSOCIATION.—A meeting of the managers was held last evening, Mayor Shakespeare in the chair. Among those present was Mr. John Kirkland, from Ladner's Landing, F. R. The committee reported that additional accommodations for stock had been provided, and that a 30-foot wing would be added to the pavillion. Committees were appointed to conduct the show and races, and the secretary was requested to write the owners of steamboat lines with respect to half-rates for passengers and stock bound to or from the show.

THERE are about 100 cats in the employ of the Postoffice department of the United States government, and they are paid for their services with food and shelter. As simple as this matter seems, the government expends about $1,000 per year in the maintenance of cats at all the principal postoffices and large public buildings in the country. "Tabby" is oftentimes found to be of greater use than some of the appointees to office who get jobs as political rewards.

UP FOR THIS PORT.—The steamer Yakima, having been repaired and refitted since she was before advertised, is now on the berth for this port in Portland, Oregon. It will be remembered that she accidentally took fire in May last with a cargo of San Juan lime on board, and was very seriously injured. She will leave for Victoria and the Sound on the 2d proximo, and is consigned to Turner, Beeton & Co.

EXTENSION OF HERALD STREET.—A number of men are at work engaged in completing the extension of Herald street through to Blanchard street. There is a large piece of rock to be excavated on the street line near Blanchard street, but probably this will not be done at present.

Reception of Royalty.

His Worship the Mayor yesterday received information that the Governor-General and Princess Louise will reach San Francisco time enough to leave for this province about the 12th prox. They will therefore be here on the 15th or 16th. A meeting of the general committee was held in the afternoon to consult on the line of march to be followed, the number of arches to be erected and the style of decorations to be adopted. The work will be vigorously prosecuted to completion.

Marine.

H. B. Co.'s barque Prince Rupert passed Gravesend August 3d, bound for Victoria, with a full cargo.

Steamer Mastick took the barque Union over to the Sound yesterday to load lumber for Callao.

The barque Albany has discharged her cargo and will load salmon for London.

STONE EXPEDITION.—Mr. Bennett, resident engineer, Mr. Gamble, C. E., and two workmen sailed in the Beaver yesterday to search for a quarry from which to procure stone for the drydock. They started first in a schooner, which "struck" stone at Laurel Point; but it was not the stone the party were in search of.

FROM THE SOUND.—Steamer North Pacific arrived yesterday from Sound ports with several passengers, but no through freight from Portland in consequence of not being able to get to the wharf at Tacoma.

PERSONAL.—Among the recent arrivals from the east is Pierce Stevens Hamilton, Esq., of Halifax, Nova Scotia. Mr. Hamilton is a barrister and contemplates practicing in this province.

REPAIRS.—The drain on Fort street has been cleaned and mostly renewed between Douglas and Broad streets, but the work is not yet completed.

THE St. Louis *Railway Register* states that no southern route has been found for the Canada Pacific Railway, and that the Yellowhead Pass will certainly be adopted.

AMERICAN LEGION OF HONOR.—At a regular meeting of the British Columbia council of the American Legion of Honor twenty-two applicants were elected as members of the council.

SESSIONAL PAPERS, 1882.—The usual sessional papers were received yesterday, and as usual they are neatly printed and neatly bound.

FOR THE NORTH.—Steamer Grappler will leave for Wrangel and way ports on Monday evening next.

ANOTHER BOOM.—Steamer Beaver arrived yesterday from Mud Bay with another boom of logs for Saywards' mill.

CAUTION.

We beg to call the attention of the trade and the public to the well known quality and elegance of finish of our Gold Cases, guaranteed by us to be of eighteen karat Gold, U. S. Mint assay or of fourteen karat Gold, as may be stamped, and also to our mode of selling the same, charging only for the ACTUAL WEIGHT of the gold used, and not for the base metal comprised in springs, key pipes, filling of crown, etc. To illustrate which a tag accompanies each one of our Gold Cases, which plainly indicates not only the gross weight of the case, but also the NET weight of the gold.

In explanation of the above we desire to say that the old plan of charging for the gross weight of the case, as if it were all gold, worked well enough as long as the manufacturers were content with the amount of brass and steel actually required in its construction; but when the business was degraded into a contest as to who should get the most base metal into the least quantity of gold and call it a GOLD case, then the time came when, in the interest of dealers in American Watches, it became necessary to adopt a plan of selling, showing the buyer exactly how much GOLD each case contained.

To avoid imposition, purchasers of Waltham Watches will observe that every genuine watch, whether gold or silver, bears our trade mark on both case and movement. Gold cases are stamped "A. W. Co.," and guarantee certificates accompany them. Silver cases are stamped "A. M. Watch Co., Waltham, Mass., sterling silver," and are accompanied by guarantee certificates, signed R. E. Robbins, treasurer. The name "Waltham" is plainly engraved upon all movements, irrespective of either distinguishing marks. This caution is rendered necessary by reason of the fact that our cases are frequently separated from our movements, and put upon worthless movements of other makers and vice versa, thus affecting injuriously the performance of the watches, and vitiating our guarantee, which is intended to cover only our complete watches wholly made by us. It is necessary also, because it is so notorious as to be a public scandal that there is great fraud in the metal quality of both gold and silver cases as now generally sold. We have demonstrated by frequent assays that many gold and silver cases offered in the market are debased from 10 to 20 per cent. from the quality they assume to be. This is a fraud upon the purchaser, and accounts for the low price at which such cased watches have been sold.—AMERICAN WATCH COMPANY, Waltham, Mass. dw

POPULAR EXCITEMENT IN DUBLIN.

WOLSELEY PREPARING TO PACIFY EGYPT.

The Freedom of Dublin City.

LONDON, Aug. 15.—In the House of Commons this evening Philip Callan member for Louth, made a complaint regarding the putting aside, at the instance of the court, of catholic jurors, on the panel during the sitting of the commission at Dublin.

Harcourt, the Home Secretary, accused Callan of abusing the privileges of the House by introducing the subject twice in the same sitting, and said this was another way in which certain Irish members place themselves in hostility to the administration.

Callan exclaimed repeatedly, "It's false."

The Chairman jumped up and asked Callan to withdraw the imputations. He refused to do so, and repeated the objectionable statement. The Chairman thereupon named Callan, and on motion of Gladstone, he was suspended.

ALEXANDRIA, Aug. 16.—An encounter between the British mounted patrol and a party of 5,000 Bedouins occurred this morning near Ramleh. Five of the latter were killed.

GENEVA, Aug. 16.—Dean Goubat, an Englishman, left Sermatt on Friday to climb Dent Blanathe. All three were found dead, having fallen over a precipice.

DUBLIN, Aug. 16.—Dwyer Grey, member of Parliament and Proprietor of the *Freeman's Journal*, was to-day sentenced to six months imprisonment, and $500 fine for contempt of Court in publishing the letter of O'Brien, editor of the *United Ireland*, accusing the jury which convicted Hines of the murder of John Dolloughly of being drunk on the night previous to the day on which the verdict was given, and an article commenting on O'Brien and Davitt, who were put out of Court. Grey, after being sentenced, was handed over to the Coroner. The latter evinced some reluctance to take charge of him, but the Judge called on him to do his duty. The Coroner, whose intervention was necessary, because Grey was High Sheriff of the city of Dublin, then conveyed the prisoner to Richmond prison Grey, at the expiration of his term must find sureties for £500, and two others for £200 each. The decision of the Court caused a great sensation. Gray was Lord Mayor of Dublin for 1880, and was nominated a second time, for 1881, but declined the nomination

CONSTANTINOPLE, Aug. 16.—A military convention proposed by the porte to England was as follows: The Turkish troops are to undertake the pacification of Egypt without foreign assistance. The British are to remain in their recent positions and not to participate in the operations. The Turks shall be allowed to use Alexandria as a base of operations, Turks and British both to withdraw after the pacification of the country. Dufferin rejected this draught and submitted another stipulating that Turkey should not undertake operations without the previous consent of the British commander. That British officers should be attached to the Turkish headquarters, and that the question of evacuation should be the subject of a special commission. It is believed that there is no probability of the porte accepting these propositions.

ST. PETERSBURG, Aug. 16.—Engineer Melville and seamen Underman and Noros, survivors of the Jeannette, will today arrive in Moscow, where they will meet with a grand reception.

DUBLIN, Aug. 16.—Lord Mayor Dawson has arranged to call a special meeting of the corporation on Monday, with a view to considering measures to secure the release of Grey. Crowds are assembling around the statue of O'Connell, and speeches expressing indignation at the sentence are being made.

ALEXANDRIA, Aug. 16.—Gen. Sir Garnet Wolseley, with authority from the khedive, has issued a proclamation to the people of Egypt presenting some objects for the British to restore the khedive to power. They are that peaceful inhabitants will be kindly treated, mosques will be respected, and all supplies paid for. Gen. Wolseley adds that he will be glad to receive all the chiefs who are disposed to assist in suppressing the rebellion. It is believed that the hopelessness of the struggle is spreading among Egyptians. The British commander at Fort Meks has received overtures for the surrender of an entire infantry battalion if they can obtain favorable terms.

LONDON, Aug. 16.—Callan, member for Louth, has given private notice that he will to-morrow call attention to the sentence of Grey. Telegrams have been sent to Irish members at present in Ireland to return to London to participate in the debate.

Apprehensions regarding the safety of the Suez canal having been removed, the business of insurance of ships against war risks has ceased.

ALEXANDRIA, Aug 16.—Gen. Wolseley held a conference to-day with Admiral Seymour and all the generals. He subsequently visited the khedive. This afternoon Gen. Wolseley will inspect the Ramleth position.

The correspondent of the Paris *Lanterne* has been released.

MALTA, Aug. 16—The transport France with a battalion of the Highland light infantry has arrived.

BERLIN, Aug. 16—It is believed that the sultan wishes to await the result of the negotiations with Arabi Pasha before he gives his consent to the military convention with England.

ROME, Aug. 15—Minotti Garibaldi denies that he is recruiting for the Egyptians. He says that the difficulties of such a work would prevent its accomplishment.

MADRID, Aug. 16—The spirit of the peasantry is becoming strongly socialistic in the provinces since the revolution. The press says the state of affairs is serious and requires a prompt remedy and relief.

DUBLIN, Aug. 16—The city hall was densely crowded to-day on the occasion of the presentation of the freedom of the city to Parnell and Dillon. Nearly every mayor in Ireland except the mayor of Belfast was present. Story, radical member of parliament for Sunderland, and all home rule members were also present. Conservative members of the Dublin municipality were absent. When the roll of the corporation was called, at the mention of Grey's name the audience cheered for several minutes. The Lord Mayor declared Grey's sentence was equivalent to six months' imprisonment. He advised the people to be careful in their language as they were in the midst of a great crisis. Parnell, in returning thanks to the corporation for the freedom of the city, said in view of the recent events it was clear that liberty of speech no longer existed in Ireland. He and his associates, however, would take care to bring the subject before the Commons at the first opportunity; meanwhile the Irish party would peaceably continue to educate, hope and govern themselves, and he would advise them to accept whatever reform offered while pushing on toward legislative independence. He advised the higher classes while they had time to join in endeavoring to bring about the better state of affairs. The people could no longer tolerate the present degredation. Dillon followed Parnell. He quoted statistics showing that Ireland, and especially Dublin, had been commercially injured by the Union.

DUBLIN, Aug. 16.—The following proclamation, signed by Mayor Dawson, Parnell, Dillon and Davitt, has been issued: Citizens of Dublin—Without offering any comment on the sentence passed upon Hon. E. Dwyer Grey, we deem it our duty to invoke the people to maintain calmness and a dignified demeanor. We are expressing the wishes of Mr. Gray in counseling our fellow-citizens to abstain from any gatherings in the streets that might lead to a breach of the peace. We require only calmness and temperance in the present emergency. Hundred of thousands of visitors kept the peace in Dublin yesterday. Let citizens show equal prudence and self-command on this occasion.

Biggar, Shields, T. P. O'Connor, J. J. Kelly and Sexton, home rule members of parliament attending the celebrations, started for London to support the motion to call an inquiry into the sentence of Grey, which come up for debate in the commons to-morrow.

DETROIT, Aug. 3.—Two sisters living in the town of Cheshire, Mich., Mrs. Cheesemann and Mrs. Houtaling, became insane on the subject of religion. They had both been in a high state of excitement for some time on the subject, and had both attended a prayer meeting held in the neighborhood during the evening. On the following evening Mrs Houtaling called upon her sister, when they sung and prayed, throwing themselves on the bed, and shouting "Glory to God." The same evening they became perfectly insane. Steps are being taken to have them removed to the insane asylum at Kalamazoo.

PARAGUAYAN TREACHERY.—Full particulars concerning the massacre in Paraguay of Dr. Crevaux and his seventeen companions have reached France from the sole survivor of the exploring expedition, M. Didelot, who owes his life to the sickness which prevented him from being with his companions when they were slain. M. Didelot says that Dr. Crevaux, finding it impossible to explore the Parana as he had intended, ascended the river Pilcomayo as far as Arica, accompanied with several Argentine sailors. After a few days' examination of the country Dr. Crevaux went down the Pilcomayo again under the guidance of a priest from the monastery of Ceyo, who knew the country well. On the 21th of April they reached a place called Tolla, where they met the Tapo-Chlos tribe, by whom they were received with great apparent hospitality, but as soon as they had gone to rest the the savages butchered tem all.

South and Central America.

PANAMA, Aug. 5.—News from Peru states that the war is becoming one of extermination. The excesses of Chilian troops in the interior have excited the populace, who are rising against the troops. This news causes a profound sensation in Chili. A public meeting was held, at which orators used the most violent language and demanded that an army should at once march against Arequipa. A committee was formed which offered to raise 10,000 men for the purpose, and furnish funds if necessary. The Chilian military authorities, however, desire a withdrawal of the troops from the interior of Peru to Lima. Three thousand five hundred men have left Valparaiso for Peru. It is said the Lima garrison will be increased from 3,000 to 11,000 men, and that no detachment will be kept in the interior in future. Raiding parties will leave the capital occasionally and collect a forced loan, and levy on stock, etc.

THE LANGTRYS.

The Pretty House where the Prince of Wales was so Fond of Breakfasting.

(Philadelphia Press.)

Gossip is taking up arms anew apropos the Jersey Lily and the pretty house in Park lane where the Prince of Wales used to be so fond of breakfasting. The Langtrys were never rich, but when the young Squire first brought his bride to London they were what was called well-to-do. Had the wife never attracted royal and aristocratic attention, the young couple might have lived and reared lads and lasses for the increase and glory of the British realm, content, as their fathers before them, with enough. Mrs. Langtry had been well reared and abundantly supplied. Her home, on the prettiest plateau of the hills of St. Helen's, would be called a castle in this country. Her father, the rector of the Church of St. Helen's, lives and rules like a lord. He is adored by the commons and gentry throughout the limits of his parish, and is, indeed, a familiar visitor over the entire island, growing up in a spot so lovely, the lily could not have been other than beautiful, though to American notions, she will not be regarded as a beauty. Her crown and glory is the milky whiteness of her skin, with the soft, delicate pink hues that suggest peach blossoms and snow drops. Young Squire Langtry was not regarded as making a striking match when he wed the Jersey rector's daughter. It was long after the marriage that she was accepted as the beauty of London drawing-rooms. It was quite by accident, too. Now in London dowager duchesses and noble old shrumps who seek to keep the young and gay world about them, are constantly on the qui vive for brilliant men and beautiful women to make their heavy drawing-rooms attractive. It was at the West End crush, in 1877, that the Jersey Lily was first

BROUGHT INTO CONSPICUOUS NOTICE

under the patronage of an influential duchess. Her dress, her sinewy body, her movement, the dreamy eye—all were so strikingly in harmony that it gave a sort of sensuous repose just to follow the graceful beauty. When you spoke to her, her glorious eyes, deep and transparent as the atmosphere, opened in a bewitching candor that quite captivated the interlocutor. The Prince of Wales was inspired with an instant admiration for the lady, and henceforth evinced the liveliest interest in her movements. Wherever it was known that she was to be, there was the heir to the throne to be found likewise. Almost in a day Mrs. Langtry became the sovereign mistress of London society. It is, of course, the ambition of the social arbiters to have royalty at their routs. By securing the attendance of the Jersey Lily the Prince's presence was assured, and, as may be imagined, the clergyman's daughter was in a way to have her head turned. At that time she had but two rivals in the arena of beauty—Mrs. Cornwallis West and the Countess of Dudley. With Mrs. West Mrs. Langtry soon became warmly intimate. The two were sure to be seen together, and the little breakfasts at Park lane were generally made up of the two ladies, the Prince of Wales, Lord Lonsdale, sometimes Messrs. West and Langtry, but more frequently the quartet. The Prince of Wales behaved with scrupulous propriety. He had Mrs. Langtry introduced at Sandringham House, where his wife became warmly attached to her. She was put on an equality with the highest rank at the Princess' levees, and was as regularly received at the court ceremonies as the bluest-blooded of the Vere de Veres. When he breakfasted at the Park lane villa it was always known in the Prince's household. No mystery was permitted, so that scandal would have to strike boldly if it struck at all. Probably had the company not contained

THE MERRY REPROBATE, LORD LONSDALE,

the prince's caprice would not have excited more than passing wonder. But when this young nobleman, whose excesses were notorious, was seen in the prince's company, and the two uncommonly attentive to women so beautiful as Mmes. West and Langtry, the society papers were filled with smirks and grimaces, inuendoes and suggestions. But the ladies, with candor and artlessness of country breeding, enjoyed the attention of the prince and the great people his attention of course brought to their feet. From breakfast in Park Lane, lawn parties at Sandringham, and parties to the theatres, the intimacy proceeded without any apparent disturbance. Photographs of the beauties began to be exposed in the shop windows, and London laughed and shrugged its cynical shoulders. Little of a pronounced sort was written for the London press, but Englishmen who did not dare to express their opinions or informations in London deluged the continental press with the most piquant insinuations. Rumors had been current for a long time on the continent before they were generally retailed in London that Messrs. Cornwallis West and Langtry had began to discipline their households. The gay little breakfasts were broken up for a time; but that was supposed to be because the prince had gone to Paris. In July, 1879, however, the relations culminated in a scandal. It was whispered in all the clubs that Messrs. Langtry and Cornwallis West had instituted proceedings for divorce, the Prince of Wales and Lord Lonsdale being cited as co-respondents. Cases of this sort are involved and mysterious in England. They are, however, still more mysterious when a royal personage is involved. Hence the army of journalists, armed with facts from inspired sources, made frantic efforts to get a copy of the complaints on file in Somerset House. One enterprising scribe, who knew a clerical official who had seen and copied the document, succeeded in getting the gist of

THE FAMOUS PLAINT.

He printed it in a London journal called *Town Talk*, which soon had cause to regret its enterprise. Pending the institution of proceedings and the publication, the parties had been brought together and the matter settled as was said at the time *in camera*; that is to say, in a private sitting of the Lord Chancellor. In London the gossip was that the suit was withdrawn because unimpeachable testimony was brought forward to show that the jealous usband had been grossly deceived by vulgar sharpers, who had hoped to fatten on domestic miseries. It was even claimed that no formal complaint had been drawn by the plaintiff, and that the whole affair was an attempt to blackmail. However this may be, when the files were searched the Langtry-West complaint was not found. Though the journal was made the scape-goat of the scandal, there were some versions published in Paris from journalists of standing, which showed the prosecution to have been a piece of high-handed outrage. The opinion even in London was divided; the clubs held that the Prince had again fulfilled that old law of chivalric gallantry, and perjured himself like a gentleman, to shield in this instance a guiltless woman: for it is a remarkable proof of the strength that prudence and conduct have as a shield that no one even questioned Mrs. Langtry's honesty or faithfulness to her husband. She was gratified by the Prince's exclusive admiration, but the Princess was just as deeply enamored of her, so that while the Prince's favorite she was not the Nell Gynne of the court. Times, however, changed a good deal after the sudden outbreak and mysterious

SUPPRESSION OF THE SCANDAL.

The pretty Park Place house grew more and more lifeless. The gay breakfasts *a quatre* came to an end. The beauties were just as potent in May Fair and the theatres—but royalty had become more discreet. One reason was that the slender income of 'Squire Langtry had come to an end, and there was but little surprise eighteen months ago when the couple were obliged to sell out and part with a residence endeared by scenes and associations rare in the life of a couple of gentry, who had neither social influence nor great genius to open the most privileged doors that an English subject can know or aspire to. This is substantially the history of the lady who has made a greater popular success on the English stage than any recent artiste. Mrs. Langtry, having been the means of squandering her husband's fortune, has, like a woman of conscience, set to work to regain it. She is aided in her attempt by a curiosity which, though childish, is natural. While she is not a discovered genius, the reception she met in London is proof that she is not a hopeless mediocrity of such sort as we permit to prank on the American stage without a recommendation but a pretty face and unlimited means of extorting puffery.

Sun Spots and Floating Ice.

Prof. Fritz, of Zurich, who has studied the years when floating ice was most abundant in the lower latitudes of the Atlantic, declares that sun spots and an abundance of detached icebergs are synchronous. From 1788 to 1870, epochs of maximum sun spots, and there have been ten such periods, have been pretty nearly the years of greatest frequency of floating ice. The masters of the North German line of steamers, who, having kept detailed accounts of ice met with every month in the Atlantic, show that from 1860 to 1869 very similar weather, with pretty nearly the same temperatures, was found, and that during these years the greatest amount of floating ice was found. Now, going back to the cause, the present temperature is not caused by a cold Arctic winter, but rather by a warmer one, "which has prevailed pretty uniformly over the north Atlantic and northwestern Europe, and which has detached a larger proportion than usual of Arctic ice fields. Sun spots may be made to explain innumerable things other than meteorological ones, for a great many periods of human strife show some coincidence with these solar outbursts, commencing with 1788 and ending with 1882.
